RE: Request for a Meeting with United States Attorney General Eric Holder

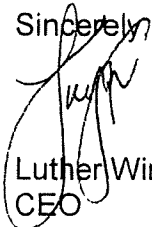

Dear Attorney General Holder:

My name is Luther Winn, Jr. and I am President and CEO of Greenetrack, Inc. (Eutaw, Alabama). The Alabama Legislative Black Caucus has written a letter on my behalf, requesting a meeting with you. I, however, felt it necessary to personally forward you a request as well.

Therefore, please allow this letter to serve as my request to meet with you. The livelihood of an entire county (10,000 residents) is at stake here and we feel that an issue such as the one at hand can not go without being addressed. I, humbly request that you give me and my attorneys an opportunity to discuss this matter. Several of the best lawyers/law firms in Alabama have been hired and I would like for them to present detailed documentation to you.

Because time is of the essence, a response is required at your earliest convenience. Thank you in advance for your attention.

Sincerely,

Luther Winn, Jr.
CEO
