The Honorable Terri Sewell

Washington, D. C., 20515

Dear Terri:

It was just great to see you last week at The Town Hall Meeting in Aliceville, Alabama. You are a natural and it shows tremendously. We look forward to seeing you in Greene County, and we thank you for all that you are doing for our district, the state of Alabama, and for agriculture.

I am much obliged for you and your staff taking the time to sit down with me to discuss our largest problem in Greene County, and that is re-opening Greenetrack and keeping it open. I do not receive one single dime from Greenetrack, but like all other citizens in Greene County, I have a volunteer fire department, a hospital, E-911 service, an ambulance service, a good sheriff's department, and many other services because of generous Greenetrack donations.

Enclosed is information that explains how Greenetrack evolved, as well as material that supports our claim that our vote to have Greenctrack has been nullified. Apparently our vote does not count, and we are being deprived of living in a true democracy.

Please help our county, the fifth poorest county in the United States according to government records, to improve our situation. We have no one to turn to except you, President Obama, and the Justice Department.

Sincerely,

Theo Spree
